

Designer/Architect

Fergus Garber Young Architects (www.fgy-arch.com) is growing and looking for new collaborators to join our design-oriented and quick paced Palo Alto office. FGY understands the importance of working on projects from inception to completion and strives to build successful design teams that foster an atmosphere of creative thought and professional development. Our award winning work spans many project types, styles and scales, and we're looking for talented and well-rounded staff to join our team full time. We are seeking a **Designer/Architect** with 3-5 years of experience to join our open studio and support our commercial/mixed-use and custom high-end residential portfolios.

Applicants should have completed their B Arch or M Arch degree from a NAAB accredited architecture program, be licensed or in a licensure track, have strong design skills, be fluent in several software programs, possess good communication, graphic and organization skills, have an understanding of sustainable building and design practices, and **currently live** in the San Francisco Bay Area; experience with **ArchiCAD** is highly preferred. FGY Architects is a small firm of 20 located in Palo Alto, California. Our portfolio includes custom high end residential, commercial, mixed-use and sustainable projects. Please visit our website at www.fgy-arch.com. Applicants should forward a letter of interest, resume and portfolio of work to Heather Young at heathery@fgy-arch.com
